

Unitech America, 6182 Katella Ave, Cypress, CA 90630

You are looking for a solution provider to deliver a high-quality, reliable product coupled with responsive and proactive service, all for a fair price. For Unitech, that's just how we do business.

For over three decades, Unitech has been a global provider of data collection technologies, developing a broad range of scanning and computing devices to help businesses reach new levels of efficiency and productivity. With dedicated U.S. sales, customer service, and technical support teams, we strive to deliver technology solutions that continuously improve the way our customers work.

Focused on designing and developing products, our services and solutions anticipate a customer's changing needs. Our products can be customized with your own logo, design, and colors. This makes us stand out from the rest and provide another layer of service to our customers. The Unitech philosophy is to achieve the highest customer satisfaction through honesty, integrity, and a commitment to excellence.

Over 15 international offices
Offer a broad range of after-sales services and support

ANDROID RUGGED SMART PHONES

Choosing a rugged mobile device that's optimized for your business over a consumer-grade product is a smart choice. Our Android smart phones combine workplace-ready durability with a familiar interface that's easy to navigate. Don't sweat your workers dropping the device or being careless, as these computers are fit with Gorilla Glass®. They're fully sealed to protect from dust and moisture and are built to withstand rigorous handling and drops.

PA760

Have it all in one smart device. The PA760 delivers speed, performance, and style in a slim, compact housing. Built strong with an IP67 rating against dust, dirt, and water, and a 6-foot drop rating, the PA760 2D rugged smart phone can handle tough situations. An Android 9 or 10 OS + GMS, speedy Qualcomm 2.2GHz Octa-Core processor, and 4G LTE make this a perfect heavy workload companion on-the-go or in the workplace.

PA760 with STANDARD GUN GRIP

For ease of use during long shifts, connect a coordinating gun grip to the Unitech PA760 rugged smart phone. A comfortable grip and large, easy press button simplifies data collection. Enjoy less wear on the PA760 device and less stress on your hands; this gun grip is an ideal tool for optimizing work tasks and streamlining data collection.

PA760 with 2D LONG RANGE GUN GRIP

Slide the PA760 onto this gun grip for additional range. This long-range accessory offers convenience in an easy-to-use device. With a read range of up to 32 feet, scans can be processed from the ground to the highest shelf in the warehouse. A comfortable grip designed for all day usage and simple press button makes this a great choice.

PA760 with UHF GUN GRIP

Optimize the PA760 with the addition of the UHF RFID gun grip. With a read range of up to 19 feet and read rate of up to 750 tags per second, this device exudes both efficiency and convenience. For use in small to medium businesses with busy warehouses and work spaces, this RFID reader also reads all 1D and 2D barcodes when paired with the PA760. Ideal for asset management, order picking, inventory, and price checking.

PA760

RUGGED ANDROID SMART PHONE

EA630+ (NEW)

Expect more from your work device. The EA630+ combines all the convenience of a consumer smartphone with the utility of a dedicated scanner. This impressive device boasts an 80% screen-to-body ratio and a 6-inch, 18:9 display. Android 11 ensures ease of use while an integrated 1D/2D scanner, rugged design elements, and a removable 4000mAh battery mean that users can apply the EA630+ to nearly any work environment.

EA630+ with STANDARD GUN GRIP (NEW)

Make long shifts more comfortable with the EA630+ standard gun grip. This gun grip easily attaches to the EA630+ Rugged Smartphone to increase scanning precision and to provide a more ergonomic experience. Improve upon the already impressive 1D/2D scanner capabilities of the EA630+ with this convenient accessory.

EA630+ with UHF GUN GRIP (NEW)

Looking to expand your scanning capabilities to include UHF RFID reading but don't want to introduce a new device? The EA630+ UHF gun grip is an easy-to-use accessory that allows you to add UHF RFID potential to a device you already own. Simply slide your device into the sled, secure it, and your EA630+ will be able to read UHF RFID tags from up to 8 meters away at a speed of 750 tags/second.

EA630+

RUGGED ANDROID SMART PHONE

EA520

NEW RUGGED ANDROID SMART PHONE

Unitech's EA520 combines the connectivity and user-friendliness of a consumer smartphone with the rugged utility of a dedicated scanner. This device features an octa-core CPU running Android 11 and connection options like Bluetooth® 5, dual-band WiFi, and 4G LTE. Its integrated 1D/2D scan engine and 13MP camera allow users to read barcodes or send crucial work-related images quickly and easily. The EA520's versatility and affordability make it a great choice for retail, hospitality, field service, and more.

SL120

NEW RUGGED iPhone SLED

Bring your iPhone into the workforce with the SL120. This unique sled adds 1D/2D barcode scanning capability to your iPhone while still allowing the use of all standard iPhone features. A standard Lightning connection provides ease of use and more reliability than Bluetooth®, and MFi certification ensures the sled is up to date with Apple's standards. The SL120 sled is drop rated for falls of up to 5 feet to concrete and IP54 rated for water and dust. The optional strong case offers further protection for the sled and your iPhone, with a drop rating of up to 10 feet.

HT330

Rugged Android Smart Phone

For a device that does more, turn to Unitech's line of rugged handheld computers. Built for high performance and tough work environments, these units handle data collection swiftly and feature physical keypads and touchscreens for cross-functional work. Our devices help you streamline work production in warehousing, manufacturing, and other environments.

HT330 (NEW)

The Unitech HT330 is designed for mobile workers with one-handed data collection needs. It features an easy-to-operate, large button design with integrated barcode and RFID data collection capabilities. The HT330 uses Android 12 OS with GMS certification, and offers 3GB of RAM. This device offers a 32-key keypad with backlight and a multi-touch panel. Its 4-inch screen with IP67 rating ensures maximum durability. With Bluetooth® 5 support and a 5200mAh battery, the HT330 is a reliable scanner that can be used in any workplace.

HT730 (NEW)

Tackle inventory and warehousing tasks better with the HT730. Featuring Android 10 with GMS certification (upgradeable to Android 12), this device offers a 38- or 29-key keypad and compact, ergonomic design to make all-day use more comfortable. The HT730 also boasts rugged protection, with a 6-foot drop spec and an IP67 rating. A 4-inch LCM capacitive touchscreen, 6700mAh hot-swap battery, and 2.3GHz Qualcomm Snapdragon 720G Octa-Core processor allow it to take on any workplace duty you can think of.

HT730

Rugged Handheld Terminal

HT730LR LONG RANGE MODEL (NEW)

Make use of the impressive features of the HT730 from even further away with the HT730LR. This long-range model features an expanded scanning ability of up to 65 feet from host, with the same rugged design features, long-lasting battery, and high-performance internal components.

HT730 with STANDARD GUN GRIP (NEW)

Make your job as easy as point and shoot with the HT730 standard gun grip. This accessory adds a convenient extra grip to your device, making it more comfortable to use for longer shifts. This gun grip adds stability to your aim, so you'll be able to scan barcodes from maximum range with fewer errors. Save time and work more safely with a gun grip for your HT730. This accessory can also be used with the HT730LR.

HT730 with UHF GUN GRIP (NEW)

Do more with your HT730 with the addition of a HT730 UHF Gun Grip. All you'll need to do is slide the device into the accessory, secure it, and you'll be ready to read RFID tags with ease. Save yourself the trouble and cost of buying a dedicated UHF reader and choose the HT730 UHF Gun Grip.

TB85+

RUGGED ANDROID TABLETS

Enjoy speed, efficiency, and performance rolled up into perfectly slim and portable devices. Whether you're a novice or a pro, our user-friendly Android tablets help you complete your tasks faster than ever before. Customize a product based on your budget, style, and needs, and enjoy a full year warranty included at no extra cost.

TB85+ (NEW)

Take your business wherever you go with the speedy, dependable TB85+. Featuring a slim design, rugged protection, and an Android 10 OS with GMS certification, the TB85 is an ideal work companion tablet. Its robust octa-core processor and 8-inch HD display ensure that your crucial apps run smoothly and are easily visible. 4G LTE is available to allow complete on-the-go freedom.

TB110

The TB110 combines rugged industrial features with modern, compact design that make it the ideal device for an on-the-go workplace. The Windows 10 IOT OS gives it versatility and ease of use, while its 10-inch HD display makes it easy to see your crucial information. Glove and wet-touch support means that your TB110 won't let you down, even in tough conditions.

TB162

For an efficient, hard working Windows 10 IOT Enterprise tablet, look no further than Unitech's TB162. This 10-inch tablet features integrated 2D scanning capability that allows it to serve multiple needs. A hot swappable, high capacity battery, 5-foot drop protection and IP65 water- and dust-proofing ensure it can be used in any situation.

RP902

RFID SOLUTIONS

RFID readers can greatly improve productivity with their ability to read multiple tags at once, so consider using our new line of RFID products to help you do more, faster. From a pocket-sized handheld reader that can perform thousands of reads per shift to a multi-port fixed reader that widens the range at your desired location, Unitech is making your business better.

RP902 (NEW)

The RP902 Bluetooth® UHF Pocket Reader is one of our most convenient devices yet! This lightweight, compact device easily connects to any mobile device over Bluetooth® and is MFi certified to connect with Apple devices. The RP902 allows you to read RFID tags from up to 6.5 feet away, with over 12 hours of battery life. With a length of just over 4 inches, this device is perfectly pocket-sized, and features durable design elements that give it an IP65 dust- and water-proof rating and 4ft of drop protection.

RP100 (NEW)

Engineered for performance and speed, the RP100 offers a convenient RFID solution for users of the EA500 series of rugged smartphones. Simply insert your EA500 into the sled and you'll be ready to read RFID tags from up to 16 feet away, in addition to 1D and 2D barcodes. Durable design ensures that this gun grip is tough and will keep your EA500 device safe, too.

RS200

Two is better than one. The RS200 UHF RFID reader connects two antennas to increase UHF range in large workspaces such as warehouses. A compact form factor and capability to read up to 750 tags per second makes it an ideal choice for any need. This device is a great addition to manufacturing, self-checkout, retail, and kiosk applications and can even be utilized for drone and robot mobile inventory.

HEALTHCARE SOLUTIONS

Update your medical data collection with devices that get the job done. Whether you provide critical care services through ID bracelet scanning, specimen collection, taking patient vitals, or other tasks, Unitech healthcare devices stand ready to serve on the front lines of hospitals and care facilities. Sealed to prevent damage from dirt, dust, and water spills, these devices offer rugged protection and antimicrobial and/or disinfectant ready properties to keep staff and patients safe.

PA760 HC

Improve data collection on the front lines and beyond with a device that does much more than just scanning. Approved for use with Epic Rover applications, the PA760 HC smart phone improves bedside care and patient medical data gathering. This rugged device is compact and can handle harsh cleaning agents like ethanol and isopropyl alcohol, thanks to its disinfectant ready housing.

EA630+ HC (NEW)

Expedite administrative tasks in healthcare with the EA630+ HC. Disinfectant ready housing, IP65 rating, and 5-foot drop protection make this device an ideal work companion. The EA630+ HC features integrated 1D/2D scanning, NFC read/write capability, and convenient connectivity options to provide high performance data collection. This device is ideal for medical ID bracelet scanning, specimen collection, badge verification, and more.

MS852 HC & MS852B+ HC

Unitech healthcare barcode scanners combine high-performance scanning with efficiency and value. The MS852+ HC scanners are disinfectant ready for use with ethanol and isopropyl alcohol and are built with antimicrobial properties to deter germs and disease. A trigger lifecycle of 10 million uses and a wireless range of up to 328 feet ensures the MS852+ HC can be used for a variety of needs. Available in corded and wireless versions.

MS916

COMPANION SCANNERS

Our pocket-sized wireless scanners are the perfect companion for your smartphone or tablet. With your choice of scan engine (1D/2D) and onboard memory (up to 32 MB), Unitech pocket scanners place powerful data collection in the palm of your hand. All our companion scanners are iOS, Android, and Windows compatible, and pair quickly and easily to any Bluetooth device.

MS912+

The MS912+ is ideal for high volume barcode scanning; this device can perform up to 5,000 scans per charge. This upgrade to the MS912 is easily paired with a smart phone, tablet, or computer for seamless data collection. This slim device offers 2MB of memory and you can hang it on a lanyard or belt loop to take it wherever you go.

MS916 & MS926

Take advantage of elements of a mobile computer with the form factor of a wireless scanner. Do more with a convenient 1-inch accuracy window, software development opportunities, push-to-pair, and your choice of 1D or 2D scanning. All with enough memory to hold 100,000 scans.

MS925 HC

With the MS925 HC, users hold a powerful scan engine in the palm of their hands. Weighing just 1.04 oz, this tiny workhorse scans all 1D and 2D barcodes and is housed in antimicrobial materials to resist germs and disease. This Bluetooth enabled device offers 5-foot drop protection and an IP42 environmental seal to keep out dust and water. Ideal for healthcare and nursing facilities.

WIRELESS SCANNERS

Our wireless scanners are designed to take a licking and keep on ticking. Unitech barcode scanners offer a wide range of cordless movement. Built with exceptional battery life and easy Bluetooth pairing options, these scanners are perfect for medium to high-volume scanning needs. Once your scanning tasks are done, simply charge them in the provided charging cradles.

MS340B

Go wireless with the MS340B barcode scanner. Enjoy up to 300 feet of wireless freedom while scanning 1D linear barcodes and GS1 codes. With a highly accurate scan engine and a 5-foot drop rating, the MS340B features Bluetooth and comes with a charging cradle.

MS842P DPM

Empower your workers and improve efficiency with the MS842P v4 Wireless Scanner. This device uses a non-Bluetooth connection to read all 1D and 2D barcodes within a 33-foot range, and is priced affordably compared to Bluetooth scanners. A 6-foot drop spec and IP42 rating make this ideal for warehousing, manufacturing, and inventory management. A Direct Parts Marking (DPM) version of the MS842P v4 is also available for uses that require DPM scanning capability.

MS851B / MS852B

Scan freely using Unitech's MS851B and MS852B+ Bluetooth® enabled scanners. Choose the MS851B 1D Scanner for its durable, affordable performance, or choose the MS852B+ and enjoy the versatility of wireless 1D and 2D scanning. Both the MS851B and MS852B+ feature a wireless transmission range of up to 328 feet and batteries that provide up to 25 hours of use, all packaged with a charging cradle to keep your employees operating efficiently. ESD versions of these devices are also available.

MS852+

BARCODE SCANNERS

Count on the MS852+ series for a device that won't quit. Data collection is easier than ever with our collection of 2D barcode scanners that offer rugged drop specs and ingress protection, delivering a device that's as sturdy as it is efficient. Ergonomic grip and a slim form factor reduces strain on hands and allows all day usage. Select models include wireless and antistatic features.

MS852+

Delivering superior performance in a slim-designed ergonomic body, the MS852+ barcode scanner reads all 1D and 2D barcodes with one trigger press efficiency. The MS852+ can be set to automatically populate electronic forms in a single scan from driver's licenses or ID cards (additional software required). The MS852+ is durable and ideal for retail point-of-sale, event ticketing, and manufacturing environments.

MS852B+

Simplify data collection tasks with the MS852B+. A slim form factor and ergonomic grip combined with a rugged IP42 rating and 6.8-foot drop spec makes this device a powerful ally in the workplace. A long battery life of up to 25 hours, 328-foot wireless transmission range, Bluetooth pairing, and ability to read 1D and 2D barcodes offers a device suitable for logistics, inventory management, and warehousing applications.

MS852B+ ESD

For static safe environments and clean rooms, the MS852+ ESD features unmatched protection. The internal mixed process ensures antistatic properties are continuously added every time the device is wiped. This 1D/2D barcode scanner is capable of withstanding up to 105~109 ohms per square and is chlorine free. A battery life of up to 25 hours on a single charge and a wireless transmission range of up to 328 feet in line of sight make this a supremely versatile device.

MS852 LR & MS852B LR

Increase productivity with the MS852 LR series. Scan barcodes near and far with these long-range devices that read up to 68 feet away including a wireless range of up to 328 feet for the MS852B LR. An IP42 environmental seal and 6-foot drop rating offers rugged protection. Superior motion tolerance and the ability to read 1D and 2D barcodes along with a long life cycle of up to 10 million uses adds to the value of the MS852 LR series.

MS652+

WEARABLE SOLUTION

Take your work with you with data collection devices that deliver high-performance scanning and rugged efficiency. Unitech wearable devices fit multiple configurations to suit any scanning need. Wear on wrists, fingers, necks, or on belt loops to reduce fatigue and eliminate strain on hands. Experience sheer power and productivity with wearables that do more.

WD200

Power your data collection with a device that optimizes the way you work. Get your essential work done faster with the user-friendliness of Android 10 OS + GMS. Experience heightened device performance with a 2.2GHz Octa-Core processor and ease of use with a wearable that fits wrists, necks, and belt loops. A 3.1-inch touchscreen offers easy viewing while directly connecting to the MS622 USB-C tethered 2D scanner for convenience and reliability.

MS652+

The MS652+ ring scanner is the newest scanner to hit Unitech's growing data collection portfolio. It features a wearable design that gives you freedom of movement to perform barcode scanning tasks comfortably while keeping both hands free. The MS652+ is designed to streamline the workflow for a wide range of applications such as retail, logistics, field service, and hospitality.

MS622 (NEW)

Accelerate data collection tasks with a wearable device that allows hands-free usage and freedom to move. Capable of scanning 1D and 2D barcodes and weighing .77 oz, the MS622 reads printed and digital codes off smart phones and computers. Users can switch from left- or right-handed use as well as operate the scanner with gloves. Connect to the WD200 mobile computer to streamline work processes.

MS650

The MS650 gives you a powerful barcode scanner with a tiny footprint. Wear it on your finger for hands-free mobility, perfect for large warehouses or businesses with a lot of inventory. This sturdy device features a scan rate of 400 scans per second and has an 8-hour battery life. The Bluetooth capability allows you to pair your smartphone, tablet, or computer easily.

AS10

Lightweight, compact, and competitively priced, the AS10 is ready to scan right out of the box. This device is ideal for businesses that want a straightforward, no-frills scanner at a great price. Capable of reading 1D linear barcodes, this contact scanner can withstand 4-foot drops to hard floors and concrete and includes a 1 year warranty.

MS340

The MS340 is an ideal barcode scanner for warehouse environments or places that have hard-to-reach barcodes. This affordable solution can scan from over a foot away and has been drop-rated to withstand 5-foot falls to concrete. It is sealed to deter moisture and dirt and is backed by a 5-year warranty.

MS836/ MS836B (NEW)

For heavy duty barcode scanning, count on a device that can get you through the day with efficiency and ease. The MS836 scans all 1D barcodes at a scan rate of 300 scans per second with a skew allowance of $\pm 30^\circ$. This scanner is built to last, and features a 5-foot drop spec and IP42 dust- and water-proofing. Use modes like trigger, presentation, and auto-sensing let you use the MS836 in any situation. The MS836B model includes Bluetooth® capability to offer complete freedom of use.

MS838/ MS838B (NEW)

Scan 1D and 2D barcodes reliably & quickly, at an affordable price, with the MS838 or MS838B 3-in-1. Designed to maximize performance without sacrificing value, the MS838 features an impressive scan engine encased in a durable outer shell. This scanner can read codes as small as 3 mil, even when poorly printed or displayed on a device screen. Need to scan wirelessly? The MS838B model features 3-in-1 connection capability: wired, Bluetooth® and 2.4GHz wireless dongle options let you scan however works best for you.

MS836

General Purpose Scanners

Small to medium businesses need reliable devices that can last a full work shift and beyond. Unitech delivers with a line of rugged barcode scanners that are built to last as well as read 1D and 2D barcodes at competitive price points. All of our entry level scanners are plug-and-play so as soon as you unpack them, you can experience more efficiency in your workplace. Choose a 1D or a 2D scanner and a form factor that suits your style and features that suit your needs.

TS100

PRESENTATION SCANNERS

Presentation scanners offer high performance scanning - speedily and accurately. The device's stationary position allows more accurate data collection and hands-free scanning. Easily scan barcodes on paper or electronic barcodes from a smart phone or tablet. All of our scanners are constructed with sturdy materials and designed to handle your toughest workload.

FC75

The FC75 hands-free 2D imager mounts easily behind the counter or onto an existing POS system. The FC75's scan trigger can also be used for on-demand scanning. Reads printed and digital barcodes. 4-foot drop rating. Optional hands-free stand. Backed by a 3-year warranty.

TS100 (NEW)

For efficient tabletop barcode scanning with a small price, go for the Unitech TS100. Designed for small spaces, the TS100's compact design reduces its impact on the environment and reduces workloads making it an ideal all-around data collection tool. The TS100 reads 1D and 2D barcodes and is a great addition to retail, food service, and event ticketing industries.

MS282

A compact, trendy, and unique 2D handheld scanner, the MS282 offers customizable top casings to fit your business style. Its linear barcode scanning technology works for a wide range of markets and applications, from point-of-sale systems, loyalty card and mobile coupons in retail stores to general purpose hospitality scanning.

MS250

The MS250 is a cost-effective CCD scanner ideal for point-of-sale, document processing, and library applications. A versatile scanner for a variety of retail and business environments, the MS250 also ensures an easy plug-and-play set up. This scanner is backed by a 3-year warranty, and features a rugged 5-foot drop rating.

MS100

Accurate and efficient, the MS100 is budget-friendly, yet powerful enough to meet a wide variety of data entry needs. A versatile scan reader that can read all common 1D barcodes, the MS100 is able to read codes at a wide-read angle and has a low power consumption.

MS120

With the MS120, you'll get seamless, easy barcode scanning. This wand barcode scanner reads any linear barcode (1D), even damaged or faded barcodes. An extremely cost-effective solution, the MS120 offers even more value than your average wand barcode scanner thanks to its replaceable tip.

MAGNETIC STRIPE READERS

An ideal option for small businesses or entrepreneurs; an affordable credit card reader with great performance and excellent data encryption. Unitech magnetic stripe readers are the easiest way to obtain card data. A simple swipe, and you'll be capturing up to three tracks of data quickly and accurately. These readers are quick to mount on any flat surface, so installing an MSR reader is easier than ever.

MS246

The Unitech MS246 magnetic stripe reader is the easiest way to obtain your card data. Simple enough to be used with just minimal training, this handy and compact data collection solution can integrate into any retail store, library, or even a gym. Reliable for up to 1,000,000 card swipes, and backed by a 2-year warranty.

MS146

The MS146 barcode card reader is designed for time and attendance, security, and access control applications that use badges, cards, or forms. Secured by black panels to prevent photocopying, the MS146 is versatile and capable of adapting to many different interface options.

MSR206

The MSR206 Manual Swipe Magnetic Card Reader/Writer is designed to offer a card reading/writing solution for ISO 7811-6 formats. The MSR206 reads and writes up to 3 tracks of data, e.g. decoding/encoding and verifying up to 3 tracks of data simultaneously. Includes programmable leading bit, raw data, DMV/AAMVA, and user defined format. Backed by a 1-year warranty.

UNITECH SOFTWARE

Pair your Unitech devices with Unitech software for seamless device operation. We offer an array of apps to power your rugged smart phones and tablets; with mobile device management & staging tools, or functions like adding programmable keys, adding an on screen scanner button to your device screen, or logging device activity.

MOBOLINK

Manage Unitech mobile devices easily on one platform

Control your Unitech devices with one software program. MoboLink offers a unique way to keep tabs on devices. Turn off, restart, update, and monitor devices from your desktop. If you lose a device while on the field, you can easily deactivate it so sensitive information won't end up in the wrong hands. Certified Google application.

STAGEGO

Configure multiple devices simply on one smart platform.

Leave manual device configuration in the past with StageGO. Unitech's staging app allows you to configure multiple Unitech devices at the same time. Just enter your desired settings, scan the program's generated barcodes, and go! This free application saves you time from manually configuring each device while avoiding potentially costly errors caused by setting up devices one by one.

UNITECH RETAIL SOLUTIONS

Retailers need faster, smarter technology to keep up in today's competitive environment. Unitech products help retailers save time and money with efficient, streamlined data collection solutions. Lengthy processes such as ordering, dispatching, delivery and stocking are fast and easy with Unitech mobile computer solutions. Unitech helps retailers to reduce these time consuming activities and deliver more efficient service to customers. Rugged smart phones eliminate handwritten mistakes and can be implemented into any operational process with limited training. Unitech rugged smart phones allow retailers to manage ordering and inventory more precisely and gain a greater understanding of how products are being sold providing more insight and better marketing awareness.

POINT-OF-SALE TRANSACTIONS

Go hands-free with a device that takes up very little counter space. Unitech presentation scanners offer long-lasting performance and ease of use.

POINT-OF-SALE

Unitech barcode scanners are slim and customizable, made with the checkout counter in mind. Enjoy our space-saving designs with multiple color and interface options.

GIFT REGISTRY

Unitech's collection of companion scanners make building gift registries or wish lists a breeze. Customers can simply walk around the store scanning the items they wish to add to their list.

INVENTORY MANAGEMENT

Check inventory in the stock room and on the sales floor. Our wearable line of scanners lets you scan an item to immediately inform you of available stock.

CUSTOMER SERVICE / INVENTORY MANAGEMENT

Give your customers what they need when they need it. While on the sales floor, Unitech rugged smart phones allow you to easily check pricing, inventory levels, and place stock orders.

5	SL120 RUGGED IPHONE SLED	SL120-WI00UMDG	SL120 Sled, 2D Honeywell N6603, iOS, Direct Lightning Connection, Unitech Standard, With Battery
7	HT330	HTT330-NAL2UM3G	HT330, 32-key, WiFi + 4G LTE, Octa-core 2GHz, Android 12, 3GB RAM/32GB Flash, Camera (13MP), 5200mAh battery, MDFM Software: SOTI, AirWatch, 42Gears and Mobolink
7	HT730	HT730-LA61UMBG	HT730, 38-key, WiFi ONLY, Qcta-core 2.3 GHz, Qualcomm 720G (SM7125), Android 10, 4GB RAM / 64GB Flash, Honeywell 2D Engine EX30, BT 5.0, 802.11 a/b/g/n/ac/ax, Camera(13MP) with Battery and Hand Strap
		HT730-NA61UMBG	HT730, 38-key, WiFi ONLY, Qcta-core 2.3 GHz, Qualcomm 720G (SM7125), Android 10, 4GB RAM / 64GB Flash, Honeywell 2D Engine (N6703), BT 5.0, 802.11 a/b/g/n/ac/ax, Camera(13MP) with Battery and Hand Strap
		HT730-NAL1UMBG	HT730, 38-key, Qcta-core 2.3 GHz, Qualcomm 720G (SM7125), Android 10, 3GB RAM / 32GB Flash, 2D Engine N6703, BT 5.0, WIFI, 4G LTE, Camera, Terminal with Battery
		HT730-QA612MBG	HT730, 29-key, WiFi ONLY, Octa-core 2.3 GHz, Qualcomm 720G (SM7125), Android 10, 3GB RAM / 32GB Flash, 2D Engine(N3603), BT 5.0, 802.11 a/b/g/n/ac/ax, Camera(13MP) with Battery and Hand Strap
		HT730-QAL12MBG	HT730, 29-key, WiFi + 4G LTE, Octa-core 2.3 GHz, Qualcomm 720G (SM7125), Android 10, 29-key, 3GB RAM 32GB Flash, 2D Engine(N3603), BT 5.0, 802.11 a/b/g/n/ac/ax, Camera(13MP), 29 keys with Battery and Hand Strap
7	HT730LR LONG RANGE MODEL	HT730-LA61UMBG	HT730 LR, 38-key, Android 10 with GMS, Long Range 2D Imager, BT, WiFi, LTE, Camera, GPS, with Battery and Hand Strap
7	HT730 with STANDARD GUN GRIP	5500-900096G	Standard Gun Grip for HT730
7	HT730 with UHF GUN GRIP	HT730-ZA66UMBG	UHF RFID Gun Grip, Android 10 with GMS, 49 Foot Read Range
9	TB85+	TB85-01LFUMDG	TB85 without Scan Engine, Android 10, BT, WIFI, LTE,Camera, Batter, USB Charging Cable and Power Adapter
	TB85+	TB85-Q1LFUMDG	TB85, 2D Imager (Honeywell Engine), Android 10, BT, WIFI, LTE,Camera, Batter, USB Charging Cable and Power Adapter
9	TB110	TB110-0T62UMNG	TB110, Windows 10 IOT Enterprise Entry, WiFi, BT, Camera, GPS, with Battery, Power Adapter, and X-hand strap
9	TB162	TB162-0T62UMNG	TB162, No Scan Engine, Windows 10 IOT Enterprise, WiFi, BT, Camera, GPS, Battery, Power Adapter
		TB162-0TL2UMNG	TB162, No Scan Engine, Windows 10 IOT Enterprise, LTE, WiFi, BT, Camera, GPS, Battery, Power Adapter
		TB162-QT62UMNG	TB162, 2D Imager, Windows 10 IOT Enterprise, WiFi, BT, Camera, GPS, Battery, Power Adapter
		TB162-QTL2UMNG	TB162, 2D Imager, Windows 10 IOT Enterprise, LTE, WiFi, BT, Camera, GPS, Battery, Power Adapter
10	RP902	RP902-43A8SOG	RP902, UHF RFID Reader, 902-928 MHz (North America), Bluetooth, USB Cable, Battery
10	RP100	RP100-42A830G	RP100 UHF RFID Wireless Sled with Gun Grip, No Scan Engine, Docking Cradle and USB Cable
		RP100-42AA30G	RP100 UHF RFID Wireless Sled with Gun Grip, 2D Scan Engine, Docking Cradle and USB Cable
10	RS200	RS200-75G5S2G	RS200 PC Based, 2 Port RFID UHF IoT Reader, USB, 2 RFID Antenna Ports
11	PA760 HC	PA760-WALF9MDG	PA760 HC, 2D Imager, GMS, Android 9, BT, WiFi, 4G LTE, with Camera, GPS, HF, NFC, with USB Charging Cable, Power Adapter and Battery (4000mAh)
11	EA630+ HC	EA630-QALF9MDG	EA630, 2D Imager, Android 10, BT, WIFI, LTE, Camera, Hand Strap, Battery, USB Charging Cable, and Power Adapter
11	MS852+ HC	MS852-ZUCL00-HG	MS852 Plus Healthcare, 2D HD Imager, N6703, with USB Cable
11	MS852B+ HC	MS852-ZUBL0C-HG	MS852B Plus Healthcare, 2D HD Imager, N6703, Bluetooth, with USB Cable and Charging Cradle
11	MS280	MS280-CUCL00-SG	MS280 Barcode Scanner, CCD Scan Engine, USB Cable
12	MS912+	MS912-FUBB00-TG	MS912 Cordless Scanner, 2MB Memory, Linear Imager, Bluetooth, USB Cable
		MS912-KUBB00-TG	MS912 Cordless Scanner, Linear Imager, Bluetooth, USB Cable
12	MS916	MS916-8UBBAA-SG	MS916 Cordless Scanner, 2MB Memory, Laser, Display Screen, Bluetooth, USB Cable, Power Adapter

Index

Page	Product	SKU/Part Number	Description
12	MS926	MS916-8UBBAA-SG	MS926 Cordless Scanner, 2MB Memory, 2D Imager, Bluetooth, USB Cable, Power Adapter
13	MS340B	MS340-CUBBGC-SG	MS340 Cordless Scanner, Long Range CCD, 2.4GHz Wireless, USB, Cradle, Power Adapter (Direct replacement for MS380-CUPBGC-SG)
13	MS842P DPM	MS842JUPBGN-QG	MS842P Cordless Scanner, 2D Imager (DPM Reader), RF (2.4GHz), USB Dongle, New V4 Cradle, USB Cable, Power Adapter
13	MS851B	MS851-SUBB0C-SG	MS851B, 1D Laser, Bluetooth, USB Cable, Charging Cradle
13	MS852B	MS852-AUBB0C-SG	MS852B, 2D, SE4107, Bluetooth, with USB Cable and Charging Cradle
14	MS852+	MS852-VUCB00-OG	MS852+, 2D, Honeywell N6703, Standard Range, USB, OPOS, JPOS, Auto-Sensing, No Stand
		MS852-VUCB05-OG	MS852+, 2D, Honeywell N6703, Standard Range, USB, OPOS, JPOS, Auto-Sensing with Stand
14	MS852B+	MS852-VUBB0C-SG	MS852B Plus, 2D Standard Range, N6703, Bluetooth, with USB Cable and Charging Cradle
		MS852-ZUBB0C-SG	MS852 Plus, 2D High Density, N6703, Bluetooth, with USB Cable and Charging Cradle
14	MS852B+ ESD	MS852-ZUBB0C-LG	MS852B Plus, ESD, Bluetooth, 2D HD Imager, N6703, USB, with Cradle and USB Cable
14	MS852 LR	MS852-OUCC00-SG	MS852 Long Range, 2D Imager, OPOS, JPOS, Protective Case and USB Cable
14	MS852B LR	MS852-OUBB0C-SG	MS852B LR, Extra Long Range (Zebra SE4850), Bluetooth, USB, with Protective Case, Charging Cradle and USB cable.
15	WD200	WD200-0A6FUM3G	WD200, Android 10, BT, WIFI Only, Camera , Battery, and USB Charging Cable (Barcode Scanner Sold Separately)
		WD200-0ALFUM3G	WD200, Android 10, BT, WIFI, 4G LTE, Camera , Battery, and USB Charging Cable (Barcode Scanner Sold Separately)
15	MS652+	MS652-AUDB00-SG	Ring Scanner Plus, 2D Imager SE4107, 2.4GHz Bluetooth, 7.5MB Memory, Battery, USB Cable, Velcro Strap
15	MS622	MS622-2UCB00-SG	MS622 Single Finger Ring Scanner, 2D Imager, USB-C Corded
15	MS650	MS650-5UBB00-SG	Ring Scanner, 1D Linear Imager, Bluetooth, 2MB Memory, USB, Micro USB Cable, Velcro Strap
16	AS10	AS10-P	AS10 Barcode Scanner, Linear Imager, Keyboard Wedge (PS/2), Black
		AS10-U	AS10 Barcode Scanner, Linear Imager, USB, Black
16	MS340	MS340-C0C000-SG	MS340, Long Range CCD, No Cable
		MS340-CUCB00-SG	MS340, Long Range CCD, USB Cable
16	MS836	MS836-SUCB00-SG	MS836 Barcode Scanner, Laser, USB Cable and Stand
16	MS836B	MS836-SUBB0D-SG	MS836B, Laser scan engine, BT, USB cable, USB dongle
16	MS838	MS838-2RCB00-SG	MS838, 2D Imager, RS232 Cable
		MS838-2UCB00-SG	MS838, 2D Imager, USB Cable
		MS838-2UCB05-SG	MS838, 2D Imager, USB Cable and Stand
16	MS838B	MS838-2UBB0D-SG	MS838B, 3-in-1, BT, USB Cable, USB Dongle
17	FC75	FC75-2UCB00-SG	FC75 Fixed Mount Scanner, 2D Imager, USB
17	TS100	TS100-SUCB00-SG	TS100, 2D Imager, Presentation Scanner, USB Cable
18	MS282	MS282-3UCB00-SG	MS282, 2D Scan Reader, USB Cable
19	MS250	MS250-C0C000-DG	MS250, CCD scanner, Dark - (No Cable)
		MS250-C0C000-SG	MS250, CCD scanner, Beige - (No Cable)
		MS250-CUCB00-DG	MS250, CCD scanner, USB, Dark
		MS250-CUCL00-SG	MS250, CCD scanner, USB, Beige
19	MS100	MS100-NUCB00-SG	MS100, Pen Scanner with Decoder & USB
		MS100-NUCB00-JG	MS100, Pen Scanner with Decoder & USB I/F Coiled Cable
19	MS120	MS120-NTCB00-SG	MS120, Pen scanner with Laser Emulation (9-Pin)
		MS120-NUCB00-SG	MS120 Pen Scanner with Decoder & USB I/F Cable
20	MS146	MS146-IRCB00-SG	MS146 Slot Scanner, Infrared RS232 - (Power Adapter Slot Separately)
		MS146-IRCB0M-SG	MS146 Slot Scanner, Infrared RS232 w/ Mounting Bracket - (Power Adapter Sold Separately)
		MS146-ITCB00-SG	MS146 Slot Scanner, Infrared Laser Emulation (9-Pin Squeeze)
		MS146-IUCB00-SG	MS146 Slot Scanner, Infrared USB
		MS146-IUCB0M-SG	MS146 Slot Scanner, Infrared USB w/ Mounting Bracket
		MS146-RRCB00-SG	MS146 Slot Scanner, Visible Light, RS2a32- (Power Adapter Sold Separately)
		MS146-RUCB00-SG	MS146 Slot Scanner, Visible Light, USB
		MS146-RUCB0M-SG	MT146 Slot Scanner, Visible Light, USB w/ Mounting Bracket
20	MS246	MS246	MS246, Triple Tracks MSR, Black, USB
	MSR206	MSR206-33U	Triple Track (I, II & III) MSR High & Low Coercivity Encoder. USB/RS232, with RS232 cable & USB cable
